SUMMARY

Frontend developer skilled in building efficient and scalable web applications, with expertise in creating seamless front-end experiences and integrating back-end services.

TECHNICAL SKILLS

- **Frontend** - Html, CSS, JavaScript, React Js, Tailwind CSS, Bootstrap
- **Backend** - Node Js, Express js.
- **Database** - MongoDB

EXPERIENCE

Frontend Developer Tap Savvy | Feb 2025 - Sept 2025

1. Coordinated frontend development timelines to streamline website and product launches.
2. Implemented modern frontend frameworks like React with Vite to enhance performance, responsiveness, and user experience.
3. Translated UI/UX designs into pixel-perfect, interactive user interfaces with clean, maintainable code.
4. Collaborated closely with design teams to ensure alignment with brand guidelines and user expectations.
5. Focused on delivering high-quality, user-centric interfaces optimized for performance across devices and browsers.

PROJECTS

[[whattowatch01.netlify.app](#)]

WhatToWatch – Movie Recommendation App

- Developed a web application that provides personalized movie recommendations.
- Implemented a user-friendly interface using Vite + React and integrated API fetching for real-time data.
- Enhanced user experience with dynamic search, filtering, and responsive design.
- Deployed the project on Netlify for seamless accessibility.

[[petcard.netlify.app](#)]

PetCare - Full-Stack Web Application

- Built using the MERN stack with a responsive and modern UI in React.
- Implemented user authentication and authorization using JWT for secure access.
- Developed features for pet profile management, including live editing, profile image upload, and multiple template options for digital pet cards.
- Added medical record management for pets with the ability to store and update health details.
- Designed a dashboard with collapsible sections, mobile-friendly navigation, and interactive UI elements for an enhanced user experience.
- Deployed on Netlify and Render for fast, reliable, and scalable accessibility.

CERTIFICATION

- Javascript - by Scaler
- Nodejs - by Scaler
- React Js - by Scaler

EDUCATION

- B.Tech in Electronics & Telecommunication Engineering (2024) | Vidyalankar Institute of Technology
